Highways, footpaths and playing field matters

- To provide an update on discussions with the Landlord over the Seighford Playfield since October's Extraordinary meeting.

No response from the Landlord on our current proposal. Cllr Busby proposed buying a piece of equipment to put on existing kick-about field that can always be removed is necessary. It was suggested the fence also needs replacing. **Action: Clerk to present 3 quotes for one piece of equipment or a multi-play to include a climbing frame, including safety flooring and other preparation work to a maximum of £10k for approval at January's meeting.**

- Councillors to provide an update on playing fields inspections.

The multi-play in Derrington is in disrepair and requires fixing. It was suggested that, if on-going repairs are needed, to consider investing in a new one in 25/26. Employing someone on an ad-hoc basis for equipment maintenance was also discussed. **Action: Clerk to revisit inspection process to ensure regular checks are being carried out.**

18/11/24/11

To report on the progress made with the legal transfer of land at Seighford Village Green to the Parish Council.

The transfer is currently awaiting the final signatory to complete the handover.

18/11/24/16

To present the findings from the Housing Needs Survey.

Cllr Hayward presented the key findings from the survey which depicted a decline in demand for affordable housing compared to the 2011 survey. However, residents across all villages expressed a need for more shops and facilities.

Great Bridgeford had a 56% response rate, but Seighford and Derrington both had a very low response rate at 10% and 6% respectively. The overall response rate for the three villages was 26%.

Cllr Price raised concerns about the low response rates in Seighford and Derrington and mentioned that only response rates over 50% are statistically valid. The Chair and councillors acknowledged this, but said we need a more user-friendly way for people to return surveys.
