Public Open Forum:

- Seighford Estate Representative, Mr Michael Eld reviewed the key findings from the recent Housing Needs Survey distributed across all three wards. He noted that, as per the previous minutes, the demand for increased housing had decreased since the last survey. However, he highlighted that the response rate rendered the findings statistically invalid. As originally recommended, Mr Eld strongly recommended getting an external agency to conduct these surveys again to get a more representative and valid response. The Chair added that this matter would go on the next meeting's agenda for further discussion.
- MOP expressed their thanks to the Parish Council and Cllr Mark Hodgkins for cutting back the hedge at the village shop.
- It was raised that the parking area by the ford is in poor condition with large puddles.

Parish Councillors Report:

Derrington

Cllr Wilkes

Reported on a recent meeting with SCC Countryside Officer, Tim Cleary and SCC Cllr Winnington to discuss the twice unlawful removal of the 'slow cyclists' signs on the Greenway.

Mr Cleary suggested installing two replacement signs at the two ends of the track which are the busiest, but didn't dismiss chicanes as a longer-term solution. The safety of speeding E-bikes is an increasing concern on the track too. **Action: Clerk to contact Tim Cleary to discuss next steps.**

Commented that the hedges still need cutting. **Action: Clerk to chase Dan Ingham.**
- To discuss the best procedure for inspecting playfields from 2025.
Cllr Price said Streetscene (part of SBC) carry out a weekly inspection of Doxey playfields so this could be the best solution. The Councillors agreed. **Action: Clerk to ask Streetscene if they offer this service and the costs. Source quotes for one annual inspection from qualified provider.**

20/01/25/10

To provide an update on the criminal damage to 'slow cyclists' signs on the Derrington track and discuss alternative solutions, including the possible use of chicanes.

Two sets of signs have now been removed. Speed humps were suggested, but could make path impassable for less mobile pedestrians. SCC said they could put a sign at each end and monitor it and possibly add rumble strips. This will not definitely stop the speeding cyclists, so chicanes would be the best solution.
